**Attachments:** TRIP California BTN Report - 8-14-14.docx

**Importance:** High

Colleen/Gary – looks like Caltrans is a go for a news conference on August 26. Not sure if you looked at the report, but it does show that 57% of roads in SD are in poor condition, and that \$1,886 is wasted annually by each motorist because of pavement conditions, congestion and traffic crashes.

Just double-checking to see if you are interested in participating. Between AGC, SANDAG, and Caltrans it could be a good message. I've tried to include the Chamber, but Aimee declined...they are too busy. Maybe add AAA?

Thanks!

Brad

HQ gave us the thumbs up to participate in your event on the 26th. The only issue is that I don't know who at this point will be our rep. Laurie will be on vacation, so she has delegated to Chief Deputy Director Cory Binns. I will get the department's speaking points soon (Friday?) and we can go from there. In the meantime, count us in.

Laurie – hope all is well this PM!

I wanted to find out your interest in a news conference on Aug. 26 highlighting these numbers (I've attached a draft, confidential copy of the TRIP California report. It was recently updated to reflect the

congressional action to extend MAP-21 and the HTF funding). I've reached out to Gary/Colleen, and they said they would get back to me. The Chamber is busy with something else.

I understand Secretary Dougherty will be participating in one of the statewide conferences that day, so I was checking on your interest....we would need a good location for photo op, which I'm sure one of our contractors would provide for...

If there is no interest from you or SANDAG, TRIP could simply do a press release and add some quotes from some of the transportation leaders.

Thanks!

Brad
