Just left you a voicemail.

No way on the money. Just trying to make sure the best people get the job--I'm sure that's you. And that we get something good in here. Too much of our recent construction seems cheap and not well-thought out.

Hi Scott:

No-body told me it would take all week to adjust to reality.....man what a bitch !

Looks like your stadium will start construction after the holidays and be finished for graduation if all goes well. I'm concerned the district will go 'cheap' on the type of turf you end up with.....my stuff (Fieldturf) is the high-end product..... www.fieldturf.com The decision is pending and will most likely be made by the end of this month. I am giving pricing next week. Do you have any good contacts within the powers to be at your school (or district) to push for Fieldturf ? It would be in their best interest for the future. Those that have gone with the cheap turf regret it. Let me know what you think.....maybe we can both make some \$ if you can help me "close the deal" !!

Great hangin with the Wings in Fiji. Lets say in touch.

Tim

Back in the swing of things yet? Monday morning was a shocker for us. But well worth it, of course.

I heard yesterday that we're doing the football field this month and hopefully done by June graduation. Not summer. If you end up over here, make sure you come by and say hi.

Scott
