That works.
See you then.

Tim

Tim, we purchased a Fieldturf field for Granite Hills High School about three or four years ago and we having a few issues:

1. We have seams that are coming apart.
2. We have a discoloring going on all over the field
3. We have turf fraying going on.

I would like to have you come out and look at the field for an assessment of what is going on.

Give me some times and dates that work for you and we can schedule an appointment.

thanks

Dena
