**Subject:** L911 Teamsters MOU

Citygate Team:

First of all, I want to extend a personal thank you for the outstanding draft report you have developed! It is excellent and will be well received by our policy makers.

I have had LG Chief Wurts review and he has made some comments/edits that I don't support, but haven't met one-on-one to discuss just yet. [REDACTED]

[REDACTED] At this point, it looks like 3 years from now. My meeting with the CEO and LRO has to do with my noticing them that I will be directing staff to disregard those elements of the MOU that negatively affect the provision of life safety services. I just want to be sure they are on board before I meet with Rick Wurts.

So, I'm taking home the printed MOU to review this weekend and to identify those areas of the MOU that are operational in nature and that should be removed. I'm being a bit lazy, but I'm hoping you guys may already have those sections identified which will save me from having to read nearly 200 pages of the MOU (attached). If you don't know the

articles/pages/sections/etc.....no problem. I will find them.

Have a great weekend and thanks again for all!

BF
