 CEO NAME: _____ K-9 NO/NAME: _____ ALERT: _____

On 08/01/2018 at approximately 0645 hours I was assigned to operate the Mobile x-ray to scan the Hazmat shipments that come in from Mexico. A National Guard soldier standing outside of the Mobile informed me that there were several people running North from Mexico. I noticed a group of 5 people running North West down Drukers road. The group of people ran into the white building compound. Border Patrol Agent Martinez arrived on the scene at the Export Facility and I informed him on the direction the group of people ran to.
